Four factors the VA must consider when determining eligibility for VA Pension:

2-The claimants and dependents combined net worth (Cash assets not to exceed \$127,061.00 = Gross income + Cash in the Bank) Home not included if aging in place.

3-Must have a medical need (VA Form 2680 filled out by physician)

4-Unreimbursed, reoccurring out of pocket medical expenses (must be equal or exceed monthly gross income) Examples are: Part B, Medigap, co-pays for prescriptions, Dr. Appts., Home Health Aides.
